

Elevate pH Max

Elevate pH Max is a pH-balancing, healthy alkaline water filter that connects to your sink and is used for drinking, cooking, and even cleaning purposes. It helps buffer acid, remove toxins, and is easily absorbed by your body – all while providing great-tasting water and providing proper pH levels. pH levels range from 7-10 for alkaline drinking water and 1-6 for cleaning and personal care using acidic water.

FEATURES

- A multicolor LCD control panel tracks performance, including total liters produced, life indicators, and pH setting
- Easy to install with only 2 connections: water in and drain out
- A patented constant power output design monitors the TDS (Total Dissolved Solids) level of the source water while automatically adjusting to maintain a constant pH level
- Provides alkaline water for drinking and cooking
- Strong alkaline water for washing vegetables; and acidic water for cleaning without chemicals
- Reduces your carbon footprint by eliminating the need for bottled water
- Uses less precious metals than conventional ionizers

BENEFITS

- Removes toxins
- Improves water's pH levels
- Improves the taste of water
- Eco-friendly design
- Generates water with excellent negative ORP (Oxidation Reduction Potential) for increased antioxidant properties
- Easily installs into your existing faucet with no special plumbing
